

Registering for LWM Family Retreats

Please note that when you renew credentials each year, you sign the Covenant Commitment agreeing to attend our bi-annual gatherings. You should prepare to attend each retreat by saving funds and setting your calendar in advance.

These are the registration guidelines that will be followed by the US Office when hosting LWM Family Retreats:

- Registration deadlines will be strictly adhered to.

- A registration will be considered complete only when an actual travel itinerary is provided.

- Late registrations pose undue stress on the US Office staff and our host church staff. Therefore, lodging, meals, and local transportation will be provided only for those who submit a completed registration by the deadline date.

- No hotel rooms will be held for anyone registering late. No airport or local transportation will be provided for anyone registering late. Anyone registering after the deadline will be responsible for their own accommodations and their own airport transportation.

- The US Office will be happy to include you in all provided accommodations when your completed registration is received before the registration deadline and is accompanied by an actual purchased travel itinerary.
